

A revolution in usability is fueling the continued growth of the computer industry. Graphical user interfaces and improved input/output devices have made computing power more accessible to wider variety of people. Despite these advances, there is still a need to raise awareness of the human factors in user interface design, and this book is designed to meet this need.

Homo Poeticus: Essays and Interviews, Knightworld: The Age of Chivalry, The Abode of Snow: A Journey from Tibet to the Khyber Pass on Horseback, The X-Files, Vol. 2 (X-Files) (X-Files (Checker Book)), Changing His Game, Ley Organica para la igualdad efectiva de mujeres y hombres (España) (Spanish Edition), El oro de Mallorca (Spanish Edition),

Book Reviews record for manuscript descriptions to be based on the first- level record, whose format is described in Amos' essay. The essays are complete .
