

Book two of the Prepper trilogy finds the disaster planner and emergency manager Dave faced with the choice of bugging out with his cohort of friends and family as he watches the societal collapse and demise of civilization around him after an electromagnetic pulse (EMP) solar storm has taken out the grid. A post-apocalyptic fiction series that takes you through the trials and tribulations of survival after the predicted NASA 2012 solar super storm unravels the lives and lifestyles of a group of modern day survivalists. The preppers decide on a lake front bug out with bags in hand as well as a unique group of operating vehicles from a bobcat loader to a lawn tractor. Will they survive? Could you? Let us find out, and join the party down the desolate dystopian landscape of a new beginning in a world without lights or technology.
