

The first book in the Molly DeWitt Romantic Mystery Series, Hot Property introduces Molly DeWitt, a recent divorcee and single mother who recently moved from Miami to the wealthier enclave of Key Biscayne in hopes of finding a safe home for herself and her son, and far from the violence of the Miami cartels. Rather than the peace and quiet Molly had hoped for, trouble seems to have followed her. Right after Molly moves in, she finds the body of Allan Wincroft, the highly disliked condo president, in the card-room of her new apartment complex. But Molly's luck turns from bad to worse when the knife in Allan's back proves to be hers and soon finds herself as the prime suspect. Molly must rely on handsome, homicide detective Michael O'Hara to clear her name. And if he can't help her, then she'll just have to find the killer herself. But there is an undeniable chemistry between the two, and Molly soon finds herself giving her heart to Michael O'Hara.
