

Full series completely revised and updated on February 5, 2013. Five hackers. One game. Ten thousand Infected Undead. Breaking in was easy. Getting out is a killer. SERIES DESCRIPTION: In the center of Long Islands forbidden wasteland, overseen by a powerful corporation known as Arc Properties, is GAMELAND, a massive virtual reality arcade where the rich and privileged act out their brutal fantasies. Using cybernetic links and holographic setups, Operators pit their Undead Players against each other in a high stakes game of violence, money and power, while the poor can only watch the horrifying and powerfully addictive contests on State-controlled media streams. Or they can volunteer to become Players themselves. Highly illegal, of course, but the promise of fame and money can be a powerful lure. But these aren't the only reasons for breaking the law. Sometimes, it's as simple as revenge. EPISODE 4: Sunder the Hollow Ones A mutiny in the group splits the members, leaving Jessie out in the cold. As she continues to struggle to fulfill her promise to bring everyone safely home, a chance encounter with one of Gamelands residents dredges up deeply buried memories, leaving her feeling haunted and doubtful about her future. Approximately 44,000 words. Not recommended for readers under the age of 16. Review: Great book, can't put it down! -- Nick Mayfield (from GAMELAND Omnibus) Gameland 2 keeping me enthralled! -- May (from GAMELAND Omnibus) From the Back Cover: It's the near future and every New Merican citizen is required to provide the government with three years of Life Service Commitment. The LSC is usually fulfilled in the military or civil service. Sometimes it's in entertainment. In all cases, the LSC begins after death. Now there are others who want a piece of the Undead pie--private citizens, giant corporations, even other nations--and they won't stop until they get what they want. Caught in the middle are a half dozen young game hackers and code jackers. Believing they're secretly breaking into Long Island, the world's largest Forbidden Zone and abandoned zombie wasteland, for no better reason than to say they can, they quickly find themselves immersed in a struggle where the Undead are currency and those who control them wield all the power.
