

The Kings of Dance novel is an education of dance, and how music evolved along with it. "As far back as I can remember which would be 1972; Rock the dance was born right before my eyes." The first-time author, Luis De Jesus, exclaims an education on how "Rock" was born and how from the Bronx dance roots the next level of dancing evolved. The purest form of dance; Rock! THE BASICS, THE FUNDAMENTALS! A lot of people do not have knowledge and are blind to the real facts, let this be your schooling. This story is a time portal that takes you back to the different glamorous Disco™s, music, and styles of clothes. This book is so that the truth can be exposed. Luis was there; he is the proof in the pudding. All of the people mentioned in this book deserve their title. This is based on a true story! It took place in the Bronx.
