

Venus in Furs describes the obsessions of Severin von Kusiemski, a European nobleman who desires to be enslaved to a woman. Severin finds his ideal of voluptuous cruelty in the merciless Wanda von Dunajew. This is a passionate and powerful portrayal of one man's struggle to enlighten and instruct himself and others in the realm of desire. Published in 1870, the novel gained notoriety and a degree of immortality for its author when the word masochism—derived from his name—entered the vocabulary of psychiatry. This remains a classic literary statement on sexual submission and control. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. From the Trade Paperback edition.
