

A man on a mission.... Mackenzie Coalson was determined to rebuild his hometown after a devastating flood left it in ruins. He has no time for a relationship and all the romantic junk that goes with it. He has a vandal to catch and no sweet smelling bundle of femininity is going to sway him. A woman protecting her family..... Dixie Harris charged into the county sheriffs office with a sassy sway and a smart mouth, eager to give the sheriff, and anyone else, a piece of her mind. When she locks horns with the devil himself, in the form of Mac Coalson, she quickly learns he has a temper to rival hers, even if hes the living epitome of her sexual fantasies. When the two unite to catch a potential murderer, its in everyones best interest to keep it, business only. But thats hard to do when their combined attraction is volatile enough to burn down the town.
